Land Registry Base Mapping

DATE: 2007

PROJECT HIGHLIGHTS:

- CAD to GIS data conversion
- GIS datum transformation
- Merge with existing GIS
- Map Production

LAND REGISTRY BASE MAPPING

PROJECT DESCRIPTION:

COMMUNITY DATA CONVERSION AND TRANSFORMATION

Lyall's Drafting & Design Ltd was contracted by the Nunatsiavut Government to provide data conversion services of existing community survey data and to provide base mapping GIS from which the land registry will be constructed upon.

This project consisted of the compilation and transformation of existing 1:2500 .dxf data for Nain, Hopedale, Postville, Makkovik & Rigolet into ESRI shapefiles to establish a baseline in which the individual community land registry portfolio can be built upon.

Services provided consist of GIS Geodatabase design, development, implementation and management;
